

Connecticut Legislative Sportsman Caucus

Testimony in SUPPORT of SB 71
Online Education Options for Boating and Hunting Safety

The Sportsman Caucus is a group of Democrat and Republican legislators who are committed to the pursuits of hunting, camping, fishing and outdoor recreation in the State of Connecticut. We meet as needed to discuss bills that are of importance to the goals outlined above. This bill encompasses these goals.

We specifically appreciate the opportunity for these courses to be offered online or in the classroom. The online component would broaden the ability of sportsmen to take the appropriate courses without delay and potentially increase the amount of licensed sportsmen in the state.

We voted to support this bill during our March 3, 2014 meeting and we urge passage.

Please feel free to contact our co-chairs for additional information or questions.
